

Environmental– Policy

HAFILAT Industry is committed to having an environmentally compliant workplace. We strive for the highest standard of Environmental management system practices across the organization in compliance to **ISO14001:2015** Environmental management system, **EAAD** (Environmental Agency- Abu Dhabi), UAE Statutory, and other legal requirements.

We acknowledge that to achieve this goal, we need the active participation and positive involvement of our employees at all levels within the organization including top management.

To ensure a healthy and environmental compliant workplace, product, and services, HAFILAT will establish, implement and monitor:

- ❖ Manual, procedure, SOP's, and other guiding documents appropriate to the purpose, size, and context of the organization and to the specific nature of our Environmental management system implementations, controls, and opportunities.
- ❖ Environmental compliant working condition for the pollution prevention of our natural resources appropriate to the purpose, size, and context of the organization and to the specific nature of our environmental impacts and opportunities.
- ❖ Framework for managing and setting the environmental programs, objectives, and targets.
- ❖ System to fulfil legal requirements and other requirements.
- ❖ Adequate resources, supervision, information, training, and development of personnel.
- ❖ Mechanism to manage and control aspects, towards reducing or eliminating environmental impacts.
- ❖ Awareness, consultation and active participation of workers and representatives.
- ❖ System to ensure control of contractors, visitors, and other external parties.
- ❖ Implement system for Waste control in compliance to TADWEER- Abu Dhabi Center for waste management.
- ❖ To ensure that the organization's Environmental policy is communicated within the organization and be available to interested parties, as appropriate.
- ❖ Work towards continual improvement by conducting management reviews and systematic audits of the company's Environmental management system.
- ❖ To ensure this policy is reviewed annually for its effectiveness and continual improvement.

Mr. Iyad Al Ansari
Chief Executive Officer
HAFILAT Group
